Dear Commissioner,

I'm a student at Eldorado High School. I have read certain parts of Upton Sinclair's novel The Jungle. Because of that novel the first Food and Drug Act was passed in 1906. I am writing this letter in regard to the Downed Animal Protection Act Docket #98P-0151/CP1. I am for the act because it protects the animal as well as the consumer.

Sincerely,

Jennifer Carol Jasper
